

# T12D48-14W ND 22 LED Retrofit Lamp Kit 5000K - Daylight

## Product Description

Direct replacement for 4-foot T8 fluorescent light bulb

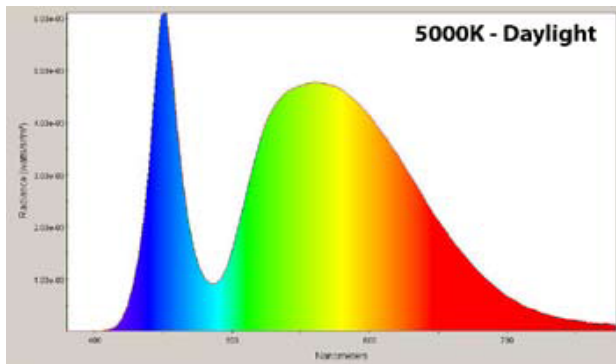

## Features

- 50% to 75% less power used than comparable fluorescents
- Less heat output than fluorescents
- Consistent light; no flickering; no UV rays
- Durable housing; no glass used
- 100% recyclable
- US Patent #7,997,770
- Made in U.S.A.
- Underwriters Laboratories (UL) Approved (File# E328426)

## Product Data

Power Consumption	14 Watts
Input Voltage Range	120 - 277 VAC
Power factor	97%
Luminous Flux	1250 lumens
Efficacy	89 lumens/watt
Color Temperature	5000 Kelvin
Color Rendering Index	79
Operating Temperature	-25C to 40C
Number of LED's	22 Cree ML-E
Beam Angle	116 degrees
Length	48 inches     1219.2 mm
Diameter	1.5 inch     38.1 mm
Weight/Mass	1.5 lb     0.68 kg
Warranty	10 Year
Catalog #	T12D48-14W ND22 T12D48-14W D (Dimmable)

Light Output Intensity - Spectral Distribution
